

K-Love Radio has been a vital part of my life, encouraging music to pull me through difficult times. I understand that K-Love is at risk of being displaced if LPFM takes priority over current FM translator service. Please do not allow this to happen. I believe that K-Love, heard on 94.3FM, is a powerful source of good in the community. The lyrics, music, and messages have countless times lifted heavy or broken hearts giving hope spreading life-changing truth.

Thank you for your concern.

Karen Blumhardt
